Testimonial

Javerine has been on a temporary contract with IHH Healthcare Singapore based in Mount Elizabeth Novena Hospital (MNH) from 13/12/2021 - 06/04/2021.

During this period, she has helped the Business Office team with its daily operations, facilitating with hassle-free patient care experience. She has displayed competence and finesse in accomplishing all tasks given to her. As such, I can be assured that even without supervision, Javerine can be trusted to perform at a level above and beyond what is expected, and to always give her best in all situations.

Javerine demonstrated her competency through a hands-on approach in tackling challenging work situations. She worked well with the rest of the team, and she was eager to take on various work and learn about the processes involved.

Overall, I find Javerine a quick-witted individual, whose affable personality allowed her to connect with superiors, peers, and customers alike. Her innate ability to tackle cognitive and emotional challenges makes her one who can deliver results for everything she is given responsibility over, as well as a joy to work with. As one who never shies away from hard-work, I am confident she will contribute meaningfully to any organization she is a part of.

I would like to wish Javerine the best in her future endeavours.

Yours sincerely,
